Helen Byam Schwamborn, Unsung Hero

Helen is Wally Byam's first cousin. In 1955 when Wally needed to expand his management he selected her to take over the office and organization for the Airstream Wally Byam Caravans. He also wanted her to be in charge and the liaison between the Club and Airstream. With her ability to organize, manage, and direct, the Club's future was guaranteed. Helen's gift to us, we are here today!

1959 The African Caravan

One and done, but only Wally Byam's leadership could conjure up an Airstream group traveling from Cape Town to Cairo and then on to Europe. You will travel to Victoria Falls, meet the pygmies living in the Ituri Forest, building roads in Ethiopia, meet Haile Selassie, camping at the Great Pyramids and more.
