

#	Title	Description	Presenter	Day / Date Time Location
901	SkyMed Takes You Home	Come and learn how you can have peace of mind while you enjoy this wonderful lifestyle you live, knowing SkyMed takes you home to your home hospital should you suffer a critical injury or illness. No co-pays, no deductibles, and no claim forms to fill out. SkyMed is the premier air emergency Company in the World.	Bill "JJ" Johnjulio	Tuesday, July 23, 2019 9:00 AM Farm Bureau Center Vendor Seminar Room
902	Rooftop AC, Airstreamers & Easystart 364	The EasyStart 364: Air conditioning on low voltage power presents a start up problem that seemed insurmountable before the invention of the EasyStart. It was named an RVIA finalist for the RISE "Best Aftermarket Product" Award in 2019. With it, your rooftop A/C unit can start on as little as a 2000W generator, two units can start on 30 amp power. Solar installers love the product. It also protects your compressor by gently ramping at start up, no more middle of the night waking up from the slam on of your unit. Helps to defeat the problem of density altitude too.	Kevin Carlin	Tuesday, July 23, 2019 1:30 PM Farm Bureau Center Vendor Seminar Room
903	Solar Power Solutions for Your RV	Information for members on various products used to help preserve and maintain the appearance of the exterior of their Airstream.	Tony Gautney	Tuesday, July 23, 2019 1:30 PM Bold Ruler Seminar Tent
